

The Five Behaviors of a Cohesive Team™ Model

- Trust One Another - When team members are genuinely transparent and honest with one another, they are able to build vulnerability-based trust.
- Engage in Conflict Around Ideas - When there is trust, team members are able to engage in unfiltered, constructive debate of ideas.
- Commit to Decisions - When team members are able to offer opinions and debate ideas, they will be more likely to commit to decisions.
- Hold One Another Accountable - When everyone is committed to a clear plan of action, they will be more willing to hold one another accountable.
- Focus on Achieving Collective Results - The ultimate goal of building greater trust, conflict, commitment, and accountability is one thing: the achievement of results.
